

ALLY BERGIN

Hello! My name is Allyson (Ally) Bergin. I am from Greenville and grew up in Botany Woods. I attended Wade Hampton High School and graduated from Clemson University with a Bachelor's degree in Early Childhood Education and a minor in Elementary Education.

I began my teaching career at Buena Vista Elementary School as a long term sub. Other paths led me to a sales position at B93.7 and as a regional sales rep for Sanrio, Inc. (Hello Kitty) for 5 years. When I began having children, I decided to return to the education field. I worked for the State as an Early Intervention Supervisor, working with families and young children with developmental delays &/or special needs. Once I had my second child, I decided a teaching position at John Knox Kindergarten would be best for my family. I have been teaching at John Knox now for more than a decade.

I have been married to my husband, Tom, for over 20 years. He is an aircraft technician at Lockheed Martin and is a team leader within the F-16 program. I have 2 children, Bess and Hunter. I am proud to say that both of my children attended John Knox Kindergarten and PDO program. We love being a part of the John Knox Family.
